- Begin by folding standard cardstock in half.
- Using tape, adhere the ends of the ribbon to the inside of the card.
- **To make the bow for the card.** Cut a 24” piece of Bowdabra Bow Wire and fold it in half. Lay it into the Mini Bowdabra. You’ll have a loop at one end and two loose pieces at the opposite end.
- Cut a piece of ribbon to make bow tails. Dove-tail the ends of ribbon by folding your ribbon in half and cutting at a 45 degree angle. Lay into Mini Bowdabra.
- Lay your ribbon into the Mini Bowdabra. Decide how big you want your loops. To make your first loop, fold the ribbon and press into the Mini Bowdabra.
- Continue folding the ribbon back and forth until you have created as many loops as you desire.
- Scrunch ribbon down with the Mini Bowdabra Wand.
- While the bow is still in the Mini Bowdabra, thread the two loose ends of the Bowdabra Bow Wire through the loop at the other end.
- Pull the Bowdabra Bow Wire tightly while the bow is still in the Mini Bowdabra.
- Gently pull the bow out of the Mini Bowdabra. Separate the two loose ends of the Bowdabra Bow Wire and bring them around to the back of the bow. To tie off the bow, pinch the Bowdabra Bow Wire securely against the bow. Twist the bow 4 to 6 times in a clockwise direction.
- Fluff your bow.
- Using a glue dot attach the bow to the top of the Valentine’s Day Card.
- Using the template on the next page to cut out a heart shape from foam.

- Attach letter foamies in the center of the heart and gems along the side.
- Attach pin onto the heart back and then pin to the ribbon.
- Valentine receives card and special pin to wear.
